

LAZO Tag B005A & B005

LAZO Tag is a specially engineered pinless EAS tag, LAZO Tag has an adjust plastic belt integrated with a steel-reinforced strap to enhance security. It has two versions, the general version B005 and the updated version B005A. LAZO Tag protects a wide range of shaped merchandise in the Retail segment, from bottled merchandise, to sports goods and electrically powered tools. The updated version B005A is based on regular items and adds a strong internal side teeth structure, providing optimal protection but minimizing the impact of the protected displayed product.

Features

- ▶ Upgraded version with added internal side teeth line
- ▶ Enable secure open merchandising for increase sales
- ▶ Multi-function protection
- ▶ Quick & Easy to install and remove
- ▶ Adjustable belt fits a wide range of bottleneck sizes
- ▶ Strong visual deterrent & minimized protected products display

Applications

Bottled Products, Spirits, Sporting Goods, Luggage, DIY Tools
