

OLA SD237/A

Security Display

HIGH SECURITY WITH CLAMP

OLA SD237/A, Century new generation series of security display solution has a stylish design "minimalist and smart", perfect combination of ABS, acrylic materials and polished iron connectors. It has a set of transparent chic stands that look like "sea waves", displaying mobile phones and tablets at vertical 75° or horizontal 15° angles. OLA also protects peripheral electronic products such as smartwatches, Bluetooth speakers and cameras. OLA continues to use "CENT Key System" and a well-tested software that provides safe and reliable anti-theft protection.

Features

- ▲ Modular design bases for easy replacement and several mounting options
- ▲ Compact and transparent shape in order to enhance the characteristics of the displayed products
- ▲ Micro USB rear side connector with a special screw to improve the cable connection
- ▲ Pull-out protection, avoiding cable-breakage & multi alarming response on burglary attempt
- ▲ 2.4G technology for reliable remote control

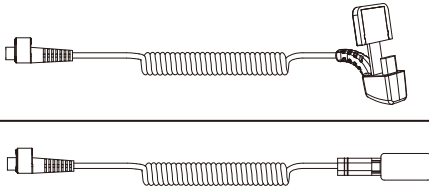

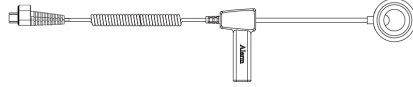

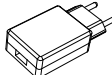

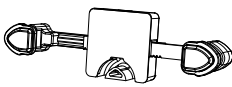

Specification

Input	AC 100~240V
Output	DC 5.8V / 1.8A (GP\EP\BP\AP\BP3...)
Alarm mode	Sound
Buzzer	≥ 90dB, Alarming time 2min
Alarming release	2.4G remote control
Materials	ABS+Acrylic
Color	White
Working temp	0-45°C
Storage and transportation temp	-10°C-60°C
Optional	Clamps for phones & tablets
