4 Alarm Deactivator
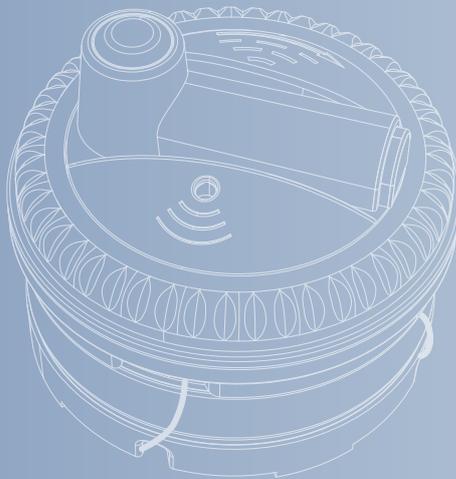

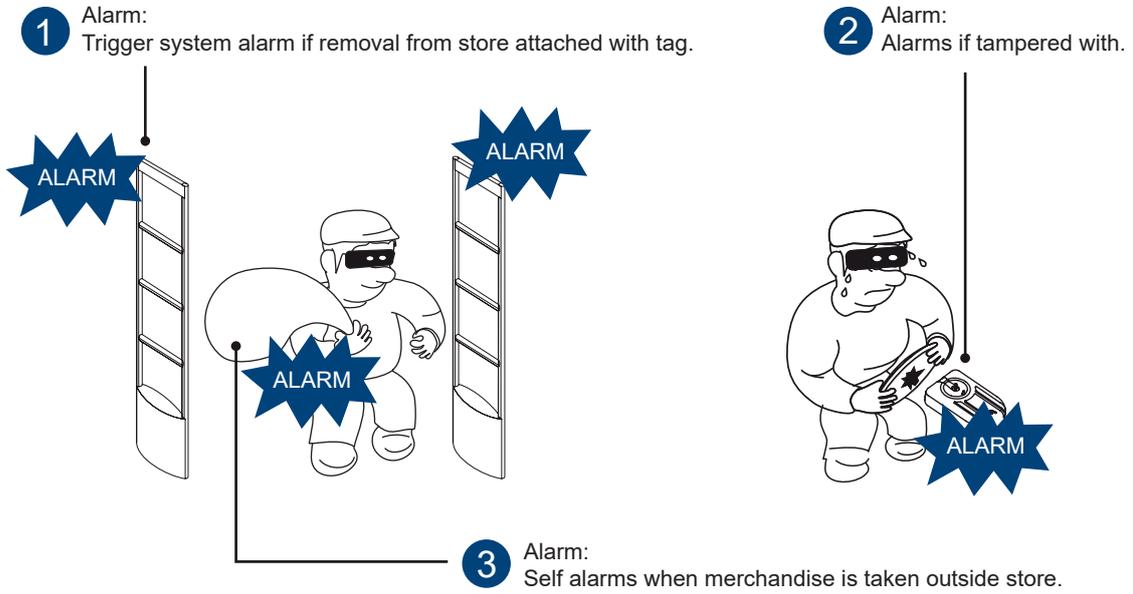

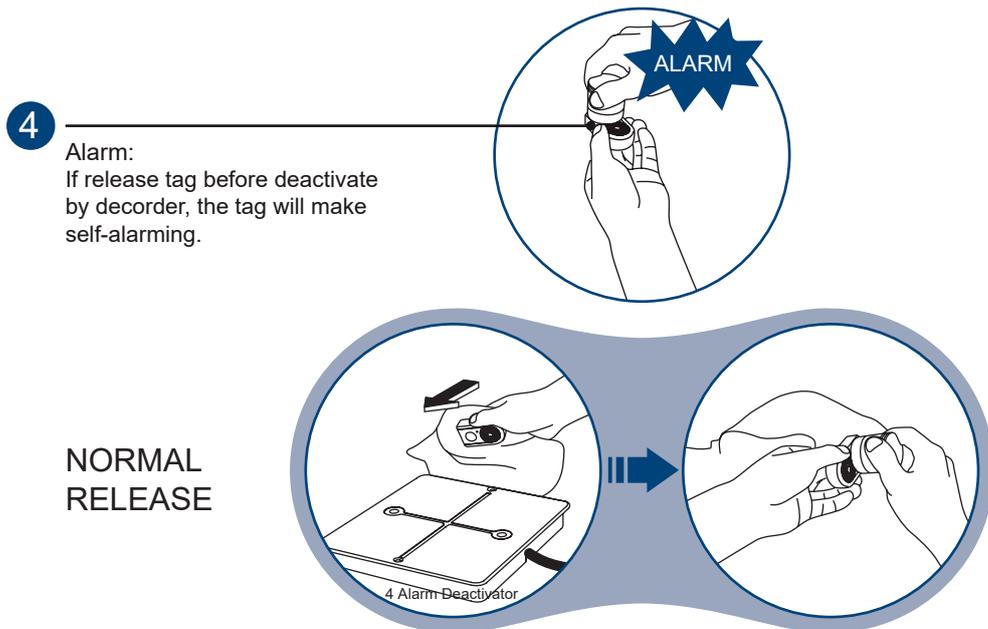

Century innovative Multi-grip family enables cables to be cinched tightly around merchandise to increase the security of boxed merchandise. Their expandable cables can protect a wide range of medium to large-sized boxed merchandise.

- ◤ Multi Alarm Technology
- ◤ Reusable, one-piece design
- ◤ Flashing LED creates a visual deterrent
- ◤ Excellent for open merchandising
- ◤ Easy to apply and remove

2A

Auto-retractable Multi Grip

Product code: T527
Frequency: 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø73mm*64mm
Color: Black or customized
Lanyard diameter: 1.2mm
Lanyard length: 900mm or 1100mm
Alarm volume: ≥90dB
Battery life: ≥3 years

2A

Auto-retractable Baby Multi Grip

Product code: T526
Frequency: 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø50mm*62.5mm
Color: Black or customized
Lanyard diameter: 1.2mm
Lanyard length: 635mm
Alarm volume: ≥90dB
Battery life: ≥3 years

1A   2A

Multi Grip

Product code: T090/BO, T090/B
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø73mm*50mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 900mm or 1200mm
Alarm volume: ≥90dB
Battery life: ≥3 years

2A

Multi Grip Double Lock

Product code: T510
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø73mm*50mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 900mm or 1200mm
Alarm volume: ≥95dB
Battery life: ≥3 years

1A 2A

Multi Grip

Product code: T511
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø73mm*50mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 900mm or 1200mm
Alarm volume: ≥95dB
Battery life: ≥3 years

3A 4A

Multi Grip Ultimate

Product code: T149
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø73mm*50mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 900mm or 1200mm
Alarm volume: ≥95dB
Battery life: ≥3 years

2A

Baby Multi Grip

Product code: T504/D
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: Standard or Super
Dimension: Ø50mm*47mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 640mm
Alarm volume: ≥90dB
Battery life: ≥3 years

1A

Mini Multi Grip

Product code: T136
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø45mm*47mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 250mm

2A

EASECURE

Product code: T516
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: DLS (double locking system)
Dimension: Ø76mm*50mm
Color: Black or customized
Lanyard diameter: 1.2mm
Lanyard length: 700mm or 1000mm
Alarm volume: ≥90dB
Battery life: ≥3 years

2A

Baby Multi Grip II

Product code: T534/2A
Frequency: AM/RF
Lock: Standard or Super
Dimension: Ø50mm*47mm
Color: Black, Grey or customized
Lanyard diameter: 1.2mm
Lanyard length: 635mm
Alarm volume: ≥90dB
Battery life: ≥3 years

Century Multi Alarm Cable Tags are designed for high-end merchandise and offer high-security, graceful solutions for protecting displayed merchandise without damage.

- Multi Alarm Technology
- Keeps original package intact
- Excellent for open merchandising

2A

Mini Patriot Tag

Product code: T307
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: 53mm*29mm*17mm
Color: Black or customized
Lanyard diameter:
2.5mm (thin type), 4.5mm (thick type)
Lanyard length:
120mm(thin type), 150mm(thick type) or customized
Alarm volume: ≥90dB
Battery life: ≥3 years

2A 3A

Multi-alarm Cable Tag Ⅱ

Product code: T313
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: 62mm*34mm*16.5mm
Color: Black, Grey or customized
Lanyard diameter: 1.8mm
Lanyard length: 120mm or 1500mm or customized
Alarm volume: ≥90dB
Battery life: ≥3 years

2A 3A

Easewire

Product code: T315
Frequency: 8.2MHz, 58KHz or 8.2MHz+58KHz
Lock: DLS (double locking system)
Dimension: 70mm*36mm*16mm
Color: Black or customized
Lanyard diameter: 3.0mm
Lanyard length: 150mm or 1500mm or customized
Alarm volume: ≥90dB
Battery life: ≥3 years

2A

Flex Guard

Product code: T321
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: 76mm*41.7mm*21.38mm
Color: Black or customized
Lanyard diameter: 3.0mm
Lanyard length: 150mm or 380mm or customized
Alarm volume: ≥90dB
Battery life: ≥3 years

2A 3A

Super Cable Tag Plus

Product code: T322
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: 66mm*24mm*25.4mm
Color: Black or customized
Lanyard diameter: 3.5mm
Lanyard length: 170mm or 1500mm or customized
Alarm volume: ≥95dB
Battery life: ≥3 years

Century Multi ENet family is a multi-strand alarmed steel cable mesh bag with "baby" size or standard size Multi Grip Tag, which are designed to widely apply to protect liquor and wine bottles, as well as high value bottled merchandise.
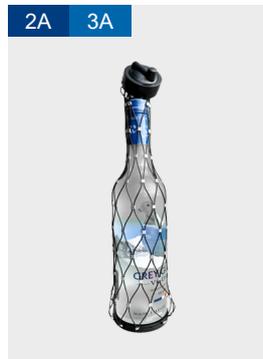

- ◤ Multi Alarm Technology
- ◤ Stable standing protective display
- ◤ Strong visual deterrent

Multi ENet Tag

Product Code: T603
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø50mm*360/565/670mm
Lanyard Diameter: Ø1.2mm
Color: Black or customized
Alarm Volume: ≥90dB
Battery Life: ≥3 years

VigilNet S

Product Code: T609
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø50mm×360/440mm
Color: Black or customized
Protection Range (Max bottle diameter): 135mm or 120mm
Alarm Volume: ≥90dB
Battery Life: ≥3 years

Multi ENet Tag M

Product Code: T610
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø50mm*360/520/565/670/720mm
Lanyard Diameter: Ø1.2mm
Color: Black, Grey or customized
Alarm Volume: ≥90dB
Battery Life: ≥3 years

VigilNet L

Product Code: T611
Frequency: 8.2MHz
Lock: Standard or Super
Dimension: Ø73mm×350mm
Color: Black or customized
Protection Range (Max bottle diameter): 135mm
Alarm Volume: ≥95dB
Battery Life: ≥3 years

VigilNet S

Product Code: T615
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø50mm*360/670mm
Lanyard Diameter: Ø1.2mm
Color: Black, Grey or customized
Alarm Volume: ≥95dB
Battery Life: ≥3 years

Multi ENet Tag XL

Product Code: T616
Frequency: 8.2MHz or 58KHz
Lock: Standard or Super
Dimension: Ø73mm*1000mm
Lanyard Diameter: Ø1.2mm
Color: Black, Grey or customized
Alarm Volume: ≥95dB
Battery Life: ≥3 years

Alarm Pin can provide high security to protect merchandise by attaching with a clutch, which is flexible enough to offer various solutions to secure your merchandise.

- ▶ Multi Alarm Technology
- ▶ Strong visual deterrent
- ▶ Easy to use and reuse

## Special Instructions for GF4040H_FZ

Special label for frozen products.
Please ensure that the packaging surface of the frozen food is clean and
dry before applying the label. Apply to packaging in a temperature range of 4-15°C.
After applying the product and the label can be deep frozen.

Good label

Defective label

Note

- The defectivelabel ismarked red dot.

- The defective ratio is less than

1.25% per roll.

- Please keep in mind the labels with red dot may not alarm the system.

- Please throw away the labels if you choose not to use them.

Storage conditions:

Keep dry. Do not be exposed to direct sunlight.

Recommended storage temperature: 10-30℃.

Cases should never be stacked more than 6 high.

Humidity condition:

20%-85%.

Maximum temperature should not exceed 43℃.

Shelf life:

2 years from the date of manufacture under the recommended storage conditions.

EAS

AM Label
Product Catalog

Welcome to the world of AM labels

Century is one of the largest suppliers of AM labels in the world. Our labels are being used by retailers globally and we have a high production capacity to meet your different needs.

Label Construction

1

1.Plastic housing

This is the housing of the label – for all of our AM labels this surface can be printed.

2

2.Acoustic magnetic resonator

These metal resonators can set off the alarm antennas. Normally there are 2 resonators, but Century also offers a high performing AM label (RS01) with 3 resonators to optimize detection.

3

3.Lamination

This is a thin plastic layer that separated the resonators from the bias.

4

4.Bias

Specialized material to off-set the local magnetic field.

5

5.Adhesive

If the label is intended to be sticked to a surface, the label will have a layer of adhesive. For all of our AM labels, Century uses high quality adhesive.

6

6.Liner

The liner is the layer that you peel off in order to stick the label to a surface.

Customized Products

As we are in control of the whole manufacturing process, we also offer customized solutions for your specific needs. All labels can be printed with your logo or other graphical elements. And both sheet packing and roll packing is available.

Stable quality at competitive price

With one of the most advanced manufacturing processes in the industry, we supply both stable and high-level performance AM labels. Advanced manufacturing also ensures efficiency and competitive prices.

Release Liner: silicon-coated paper
Packing: 162pcs/sheet, 7,500pcs/box, 11.3kg/carton

Storage conditions:

Keep dry. Do not bend more than 2 degrees.

Recommended storage temperature: 15-32℃.

To prevent magnetic loss, AM labels should be stored away from electromotors and transformers.

Humidity condition:

30%-80%.

Maximum temperature should not exceed 45℃.

Unaffected in 80% humidity at 45℃ up to 80 hours.

Shelf life:

2 years from the date of manufacture under the recommended storage conditions.
