Product classification

Century Safers has two kinds of locking systems. One is the SLS single lock system, which gives customers a choice of normal, super, or hyper system. Another is the DLS double-locking system with diversified Magnets. Century has around 80 safe models applicable to various sectors, such as Entertainment, Health and Beauty, and Multi-Use Packages.

SLS single magnet locking system goes a long way...

The complementary SLS single magnet locking system gives the customer a choice of normal, super or hyper system.

DLS double locking system by far the most secure system available

The original safer system with patented DLS double locking system is considered to be the most secure locking system on the market today.

Products related to Consumer Electronics

Secure an open display of Consumer Electronics

Consumer Electronics such as mobile phones, cameras, game consoles, computers and similar has always been considered as high theft items. In many cases these products are kept behind the counter or in a locked display to prevent theft.

MW Safers offers a large range of products in different sizes to meet the market need for protection of consumer electronic merchandise.

Products related to Health & Beauty

Give your Health & Beauty products "a safer attraction "

A sector dependant on high visibility, such as Health & Beauty, requires efficient ways to protect high theft merchandise, without losing focus on sales and exposure. With this in mind we have developed the new FORTKNOX™ LUX display safers. The products to protect within this segment are make-up products such as lipstick, foundation, eyeliner, facial day and night cream, eye cream, perfumes, body moisturizers and oil, compacts, foundations, pharmaceutical products and much more.
